

PRAYER (2)

*“When you pray, do not use a lot of meaningless words, as the pagans do, who think that their gods will hear them because their prayers are long. Do not be like them. Your Father already knows what you need before you ask Him.
Matthew 6:7-8 (GNT)*

1. How do you pray? Tell your adult what you think is the "right" way to pray.

2. There isn't just one right way to pray. You don't have to say special words. You don't have to say that many words at all. But it is a good idea to praise or thank God first. Then tell Him why you're praying. Most of the time, you will want to say "Amen" at the end. That's it. That's how you can pray.

3. God cares more about why you're praying than what you say. God knows if you're praying just so people think you're a good kid. He also knows when you really mean your prayers. If you love and respect God, then you probably already say good prayers.

4. What are you going to pray about?

PRAYER

*God, You are the only true God and I love You so much.
Help me to always pray with the right heart. Amen.*
