

Face Your Fears (2)

Faith shows the reality of what we hope for; it is the evidence of things we cannot see.

Hebrews 11:1 (NLT)

1. What is faith? Tell your adult what you think faith is.

2. Faith is what we call it when you believe in something or someone. You've probably heard your family talk about having faith in God. Faith in God means you believe that He is real and that He loves you.

3. Faith is kind of like the opposite of fear. Instead of thinking about all the things to be scared of, you can think about all the ways God protects you.

4. Have you ever seen anyone pray to a little bug to save them? No, that would be silly. Nobody has faith in a bug to keep them safe because it can't. But God's not like that. He can keep you safe. And He wants to keep you safe. Always remember that you can have faith in God!

PRAYER

God, thank You for loving me and protecting me. Teach me how to have more faith in You. Amen.
